

**2018 Leak Detection Contract**  
**Aquatic Designs & Supplies, Inc.**  
445 N. Chestnut St. Monrovia, IN 46157 / 317-996-3106

Thank you for your request of a leak detection service!

Aquatic Design & Supplies, Inc. prides itself in its ability to detect leaks. Detecting leaks can be a difficult process because of the possibility of multiple leaks. If multiple leaks are present it may take more than one visit to detect and fix all leaks. Therefore, any and all costs will be paid by the customer, including time spent in diagnostic services regardless of outcome.

To reduce costs Aquatic Designs and Supplies recommends that customer fills the pond up to its normal water level, **Turn Your Pump Off**, and wait 24 hours and see if the water has gone down or not. This will help us determine where the leak is.

Did the pond volume go down after 24 hours? Please Check Yes or No!

Yes \_\_\_\_\_ NO \_\_\_\_\_

Please sign and return contract with a **non-refundable deposit of \$75.00** so that we may place you in the line-up.

Aquatic Design & Supplies, Inc. is not responsible for the failure of any equipment which has been previously installed and is currently being used with any existing water features.

Aquatic Design & Supplies, Inc. is not responsible for any conditions occurring naturally to water features, aquatic life or fish, including but not limited to disease, stress or death.

Aquatic Design & Supplies, Inc. charges \$80.00 an hour per service personnel. In addition, a \$54.00 Vehicle Service Fee will be charged per service visit.

*A 5% per month service charge will be assessed to all outstanding balances over 30 days. All costs incurred in collections of this debt, including reasonable attorney's fees to be paid by customer. The above prices, specifications and conditions are accepted by signing the contract.*

**For Customer Convenience Contracts May Be Faxed to 317-996-4268 or emailed to Info@AquaticDesign.Net**  
**We Accept Cash, Check, Visa, MasterCard and Discover**

Water Features over the years may deteriorate or settle to the point of needing more than just routine maintenance. If you feel your pond may need an **Extreme Makeover** by perhaps adding a new skimmer box, some larger boulders, or even re-constructing a larger waterfall with a stream, please let us know in the **comments section below** and we will call you to set up a time to come out and give you some suggestions and an estimate of cost.

Additional Comments and/or services:
